# SimpleGolf Scoring App Score Entry

This document walks the reader through entering their score electronically using the scoring app.

At the Welcome page, the user starts entering your club's name and selects it from the dropdown box, then selects Continue.

The Member Portal login page loads, the user enters their Member Number and Password, then selects Login.

The Let's Play home page loads, select Start Home Club Competition Round.
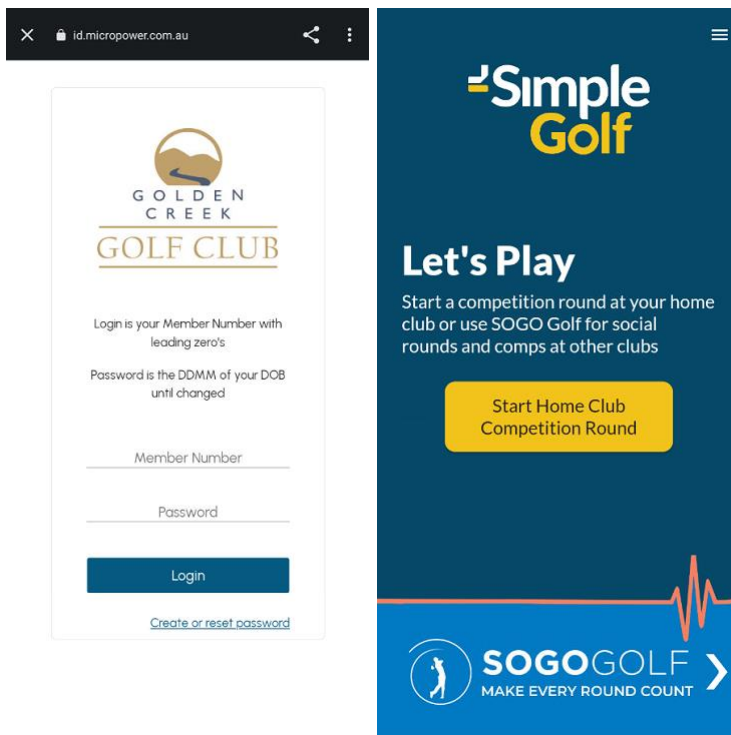

The Competitions page loads, normally the competition/s the user has been registered into will be displayed.

If no competitions are listed and the message below is displayed, the user has not been registered into any competitions, swipe down to refresh once this has been rectified.

The user gets 10 free tokens from SOGO Golf that they are free to use, once the tokens have been used, they simply untick the Include this round on SOGO Golf box.

Select Next.
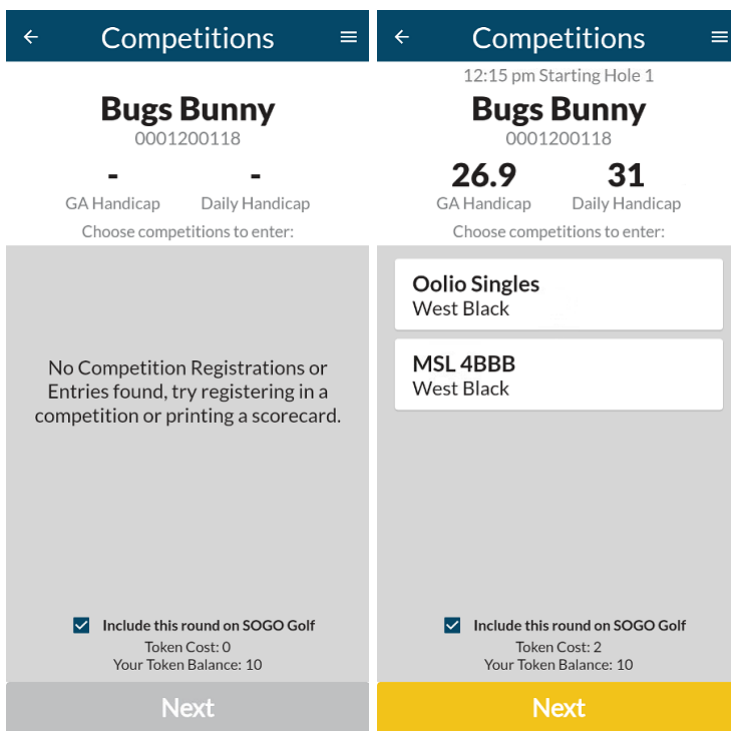

The **Marking For...** page loads with the other players in the user's timeslot, if a playing partner has already been selected by someone else in the group, they will be greyed out and marked **Not Available**.

Select an **Available** playing partner, then select **Play**.
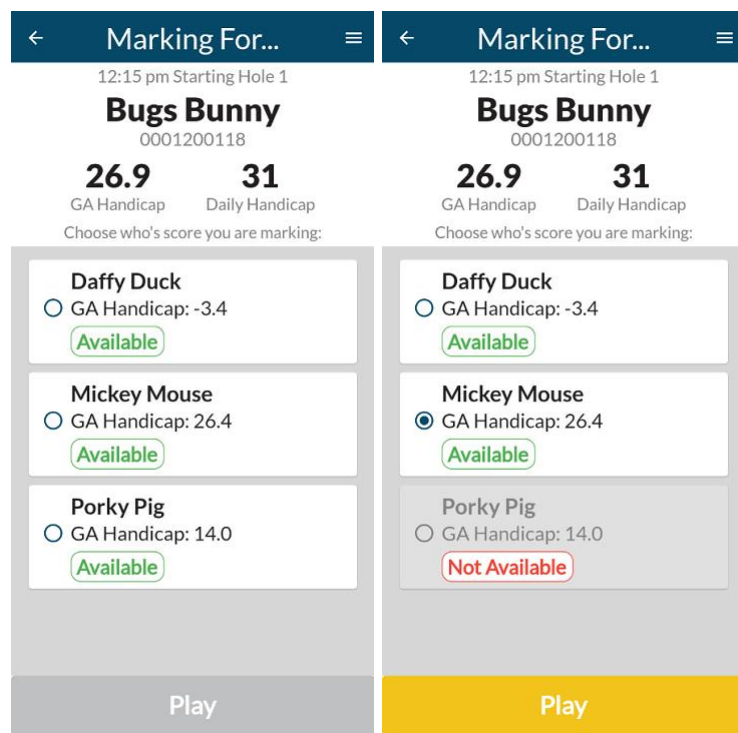

The **Scoring** page loads, touching the white score circle will record a par, the **+** sign will record a bogey and higher, the **−** sign a birdie, for Stableford and Par, **Pickup** will also be available.
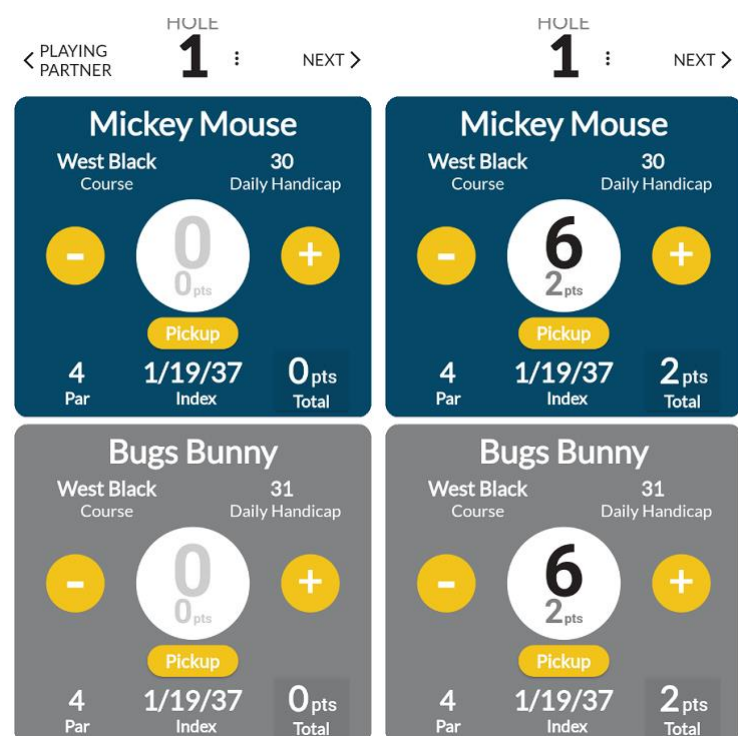

If it is a Stableford event, the **# pts** will be displayed for the hole, if it's a Par event, a **0**, **+1**, or **-1** will be recorded.

If it is a Stroke event, the "To Par" score will be displayed, and no Pickup button will be available.

To move to the next hole, either swipe left, or select **NEXT >** and continue scoring each hole.

Once you get to the 9th hole for a 9-hole event, or 18th hole for an 18-hole event, the **SUBMIT ROUND >** option will become available.

If all holes have been completed, the Review Scores page will load, with a summary of both players Front 9, Back 9, and Total score.

The players then Tap to Sign Here, record a signature, and Save.
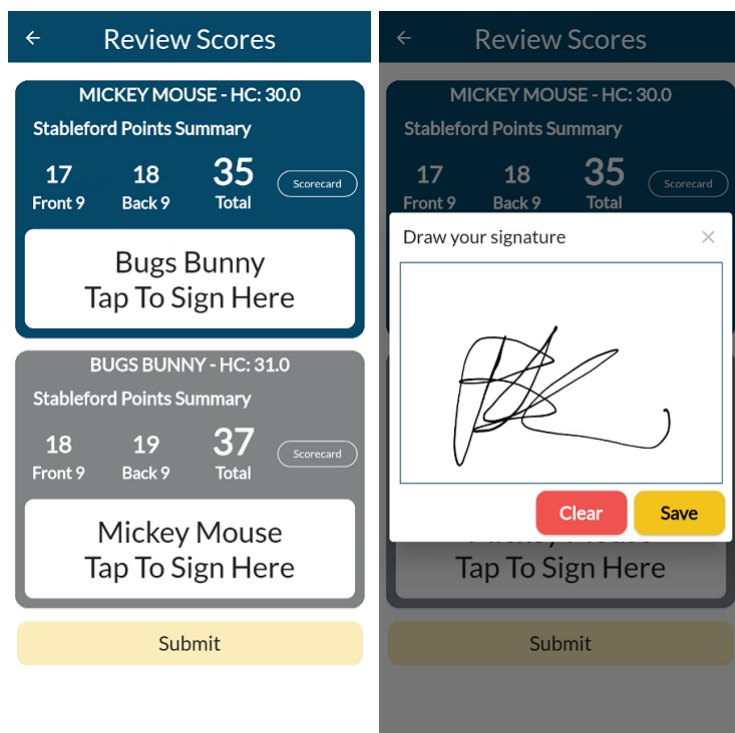

The user, when ready, then selects Submit, and will then receive confirmation that the round has successfully submitted, select Done.
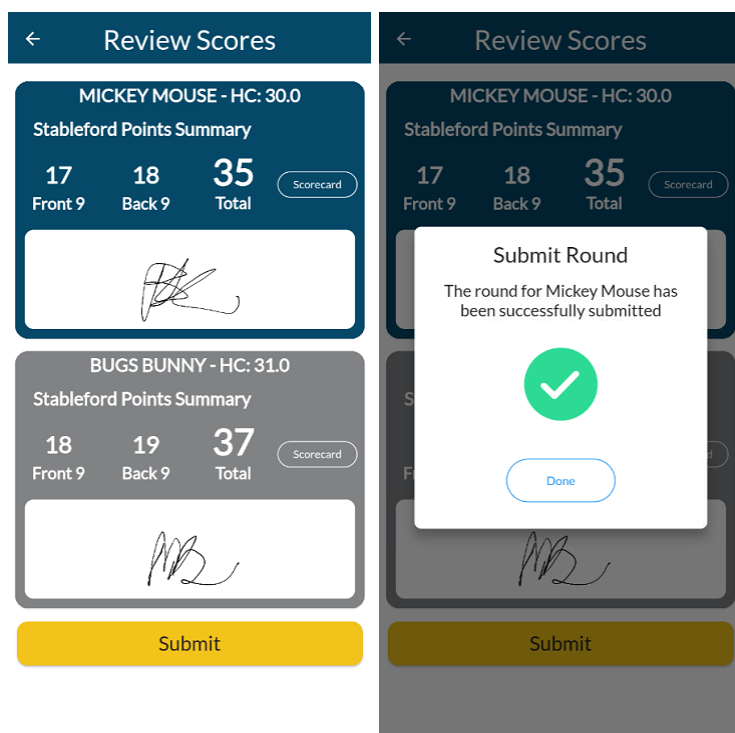

If at any stage during the round, the user would like to check the scores, they can either touch the score **Total** next to the **Indexes**, or select the 3 dots beside the **HOLE** number, and **View Full Scorecard…**
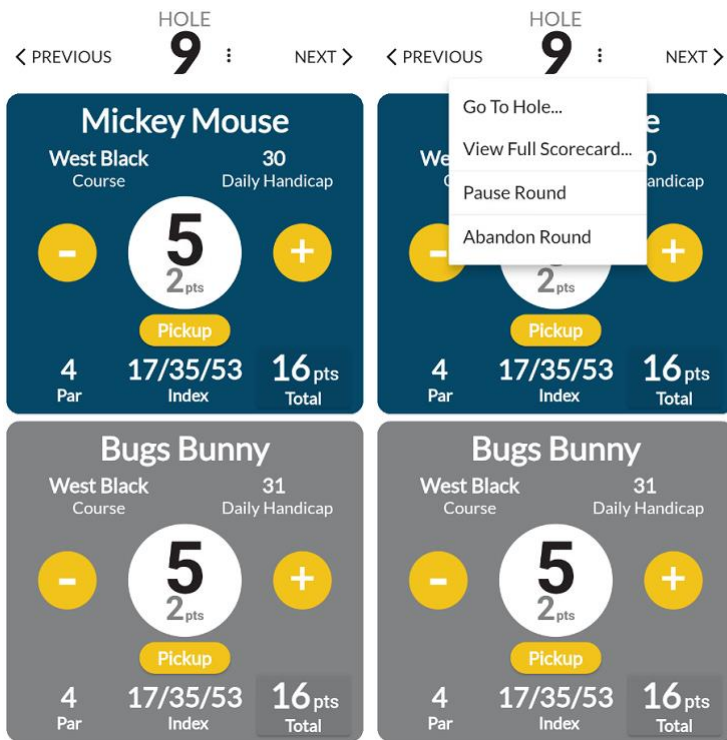

The app changes to Landscape and the Scorecard is displayed defaulting to the player being scored for, to select the app users score, they touch there name.

To view the other nine, simply swipe left or right.
